Larry Nalducci informed the committee he had met with the Tennis Pro at Riverwood to discuss any conflict the tennis players may have with the location of the dog park. Tennis Pro had no objection to its location as it is not busy during their tournaments.

Prior to the suggestion box installation, an ad will be placed in the Heron informing the residents of its existence.

The committee decided that they would still meet monthly.

Ted Mc Dermott discussed a conversation he had with a resident Mary Wright relative to accessing her property which abuts Riverwood in the Silver Lakes Section. The committee observed on a map that Ted produced exactly where the Wright property was located.

Motion made and seconded to adjourn. Motion passed.
