

Minutes from 5/15/18 meeting.

In attendance: Jim Gentz, Mike Matt, Larry Nalducci, Jim Martone

1) Golf course has redesigned their pumping station to accept reclaimed water from the WWTP pond. We are in process of repairing our pump and metering system to provide and meter reclaimed from our pond to the golf course. Once this is completed and we pump water into the golf course system we would satisfy our DEP requirements.

2) Susan reported that Ring Power is working on the drawings for the new generator. Ring Power is the turnkey contractor for the project.

3) Telemetry and boxes installed on all lift stations. Lift station #10 has been completed.

4) Work order to clean out surge tank during the summer months was recommended for approval and will be submitted to the RCDD board for approval.
